vacancy in the First ward caused by the death of Councilman Frank C. Spinks.

This prohably will be the last official act of the present council, as this council will go out of office the last day of August and a new council will be inducted into office September 1.

Many of the members of the lower branch will not return.

Many of the members of the common council are away now on their vacations. It is expected, however, that a majority will return before September 1.

Speculation is rife as to who will be the successful candidate, inasmuch aw none of those defeated in the recent election can be candidates to succeed themselves at the incoming term of the new council.
